

COMPONENT FMVSS STANDARDS TABLE FOR CRP POSTING

List of commonly installed adaptive equipment, associated FMVSS, and possible make inoperative exemptions. Note that not all types of equipment are shown, and each type of equipment may be regulated by other FMVSS not shown in this table. If a component/adaptive equipment is not shown, it *may* not be regulated by any standard. Consult with NMEDA CRP for more information, or with any questions. Components are not regulated in Canada.
