

# BE LOUD. BE HEARD. BE DRIVEN.

By **NMEDA**  
National Mobility Equipment Dealers Association

For the disability community, activism isn't an option. It's a way of life. You've fought for every opportunity, worked for inclusive laws, faced every challenge. And now, it's your time to be heard again. National Mobility Awareness Month not only showcases adaptive automotive options—it's a chance to say, "Mobility is a right. Not a privilege."
