

## Safety Standards that require proof of compliance to be submitted

(Note: if there is any uncertainty whether a standard applies, please contact NMEDA)

F/CMVSS 110 **	Tire Selection and Rims (** show label in test reports or provide identified photo or schematic separately with test reports)
F/CMVSS 206	Door Locks / Retention Components
F/CMVSS 207	Seating Systems
F/CMVSS 208 **	Occupant Crash Protection (Side Entry Only) (** Includes 50 <sup>th</sup> percentile male dummies test and 5 <sup>th</sup> percentile female dummies test, and seat belt requirements)
F/CMVSS 210	Seat Belt Anchorages
F/CMVSS 214 **	Side Impact Protection (** can be combined with 301 "Fuel System Integrity")
F/CMVSS 225	Child Restraints (Canada 210.1 & .2)
F/CMVSS 301/305**	Fuel System Integrity / Electrolyte Spillage & Shock (** 305 will be posted if submitted)
F/CMVSS 302	Flammability of Materials (full test report or proof of non-ignitable or self-extinguishing materials)
F/CMVSS 403 **	Platform Lift Systems for Motor Vehicles (**as applicable to private use lifts)
F/CMVSS 404 **	Platform Lift Installations in Motor Vehicles (**as applicable to private use lifts)
CARB E.O. **	California Air Resources Board Executive Order (** Applies to MFGs selling to CARB required states, otherwise waiver)
49 CFR Part 38.23 (b)	Ramp Design Load (600 lbs.) (Provide test report)
SAE J2093 **	Durability Test / Power Operated Ramps (4,400 min) (** NMEDA version adopted for power ramps. Does not apply to manual ramps)
WTORS C-10	Wheelchair Tie-down and Occupant Restraint (current test report with SAE surrogate wheelchair)
